

Acorn Awards offers 'Ready-To-Go' and 'Kit' arrows
Below are our 'Ready-To-Go', handcrafted Indian replica Honor Arrows -
Ready for your Arrow of Light® ceremony!

What is the difference between the Ready-To-Go and the Kit Arrows? The arrow kits have a carved stone arrowhead, jet black feathers and include a coup feather. They are designed to be quickly assembled in one Den meeting by 10-11 year old boys so the cutting and staining is already done. The ready-to-go arrow has a larger, more expensive hand-knapped stone arrowhead, longer striped feathers and are assembled and ready to present. The plaques and pennants are the same for kits or ready-to-go sets.
